WELCOME TO WUJC

The staff of WUJC is constantly striving to improve our service to you, the listeners, and one of our major objectives is to serve the community by providing alternative programming. WUJC has long been a leader in providing innovative New Age music, Heavy Metal, and Contemporary Christian music; a few of a wide array of formats heard on WUJC. The possibilities for improvement, however, are limitless. In order to continue bringing you alternative programming, WUJC is seeking the help of our listeners. Beginning April 5 we at WUJC 88.7 FM will be holding our FIRST-EVER RADIOTHON. The Radiothon will run April 5 through April 11. We ask for your contributions to help us upgrade our record library and purchase much-needed equipment. Remember April 5 to listen for WUJC's FIRST-EVER RADIOTHON, because the future of expressive, alternative music at 88.7 FM will need **your help.**

—The Management of WUJC

WUJC is a student-run organization licensed to John Carroll University by the Federal Communications Commission. When WUJC went on the air in May of 1969 the broadcast day was limited to 3 hours. Today WUJC broadcasts from 6 a.m. until 2 a.m., seven days a week.

In 1975, the FCC granted WUJC a power increase from 10 watts to its present 750 watts. In May of 1981, Mark Krieger, WUJC's Chief Engineer at the time, rebuilt the antenna system as well as the transmitter, and John Carroll University authorized the purchase of a stereo unit for the station. Since our radio signal originates from one of the highest points in Cuyahoga County our signal is able to reach a much larger distance than most college radio stations in the Cleveland area— our transmitter and tower are located on top of Grasselli Tower on the campus of John Carroll University. The studio and offices of WUJC are now located on the lower level of the new JCU Student Recreation Complex.
